A Fierce Cyclone. (By Telegram to the Sentinel.) CHICAGO, June 19.—A Metropolis, Ill., special says that a terrible cyclone struck that city yesterday evening, blowing down several houses and killing Dick Turner, capizizing and sinking the steamer Jennie Walker and scattering harvested wheat in the vicinity. The damage is heavy.

GENESEE, Ill., June 19.—Eight miles south of this city Saturday, after preparing dinner for her husband and hired man, and while they were eating, Mrs. Lindquist took her son, aged five years, to a corn crib, cut his throat and then killed herself. At Irish Ridge, near Iowa City, Iowa, twelve persons were killed. Last evening another cyclone followed the track of the former one, doing fearful damage.

Twenty-Seven Apaches Murdered by Mexicans.

(By Telegram to the Sentinel.) NEW YORK, June 19.—A special from Matamoros, Mexico, says that a dispatch from Chihuahua to day states that the twenty-seven Apache prisoners captured in the recent fights with the Jesus and Marie bands, were taken out in the field yesterday and shot. They behaved with wonderful bravery, each one meeting his fate with remarkable coolness, and looking defiantly at the executioners.

Fatal Encounter. (By Telegram to the Sentinel.) PRINCETON, Ky., June 19.—John Chambliss and Campbell Happer had an altercation yesterday, in this county, in which Chambliss was shot dead. Happer's eye was knocked out and he was otherwise seriously injured.

A CASE OF DESERTION. A Man Named Taylor Takes his Child and Skips to St. Louis.

From 8 or 9 o'clock last night until noon today, a lonely woman on whose face is a piteous look of despair, kept watch at the south depot on outgoing Wabash trains. To Deputy Marshal Limecooly she told her story. It appears that Taylor, who is a laborer and has lived with his wife on Laelle street, has been dissipated of late, and was just recovering from a spree. His wife reproached him last night, but he went to bed in sullen silence. Having occasion to go to a neighboring drug store for writing paper, Mrs. Taylor left the house, leaving her husband in bed, and as she supposed, asleep. Their little son was also in bed. She was gone but a few minutes, and on returning, was astounded to find the house empty, husband and child having disappeared. The boy had been dressed so hastily that his shoes and coat were left behind.

From neighbors to whom Mrs. Taylor excitedly went for information she learned that Taylor had left word that he was going to St. Louis with his boy, and that his wife need never expect to see them again. He was tired of her, and proposed with his boy to commence life anew unencumbered with a nagging female. Mrs. Taylor at once went to the depot and notified Office Limecooly, who, with the deserted and almost frantic wife and mother, watched the train. There has been up to this time, however, no tidings of Taylor or the child.

A Novel Feature of the Fair. At the new Library hall Thursday next, between 4 and 6 o'clock, there will be a baby show. The little cherubs will be exhibited by fond mothers or admiring friends. Drs. Heuchling and Buchman will act as judges, and will be assisted in discerning the prettiest babes by Meadames Olds, Lowry, Woodworth and Fisher. The occasion will be novel and is looked forward to with expectation. Three prizes will be offered—one for a child between three and twelve months old, another for a child between twelve and eighteen, and still another between eighteen and thirty months old.

A New Gravel Road. This morning, County Surveyor Goehorn and assistants, commenced the survey of a new gravel road which is to extend from the residence of John Orff, esq., west of the city, to the Whitley county line.

We hope the day is not far distant when the county will be cut by a net work of gravel roads, and access to the most remote townships rendered easy and pleasant. Gravel roads THE SENTINEL has always advocated and ever will.

Plead Guilty.

Henry Brown, the horse thief who has spent most of his life behind prison bars, was this afternoon arraigned in the criminal court, and pleaded guilty to stealing a horse of Hood, the Barr street butcher. Judge Withers sentenced him to two years in the state prison. Brown's clever capture by Dan Walter, the butcher, will be remembered.

Last night, friends of A. L. Griebel, democratic nominee for auditor, secured an Italian string band and proceeded to give Louis a serenade. Unfortunately they were not familiar with his residence and made things melodious in the vicinity of 161 West Wayne street whereas Mr. Griebel's residence is No. 147 West Washington street. Despite this little mistake Louis is duly grateful and asks THE SENTINEL to express his warmest thanks to his many friends who so kindly stood by him in the convention.

Members of the Alert Hook and Ladder company claim they were justified in using imported beer at their picnic as representatives of breweries belong to their organization. They say justice to all.

The republican congressional committee will meet Friday afternoon and fix a time and place for holding the convention. We are assured that our republican friends expect to place nearly a full county ticket in the field. That it will be defeated is a matter of course.

A SUMMER RESORT.

The Pleasant Summer Garden of Chris. Entemann.

The name of Chris. Entemann is familiar to all lovers of good cheer, as one of the jolliest entertainers in the city. His pleasant house of call has long been the favorite resort of the best class of citizens who find their way hither, when in a relaxatory mood.

Mr. Entemann has lately made some very noticeable improvements about his establishment, and to day, a SENTINEL reporter dropped in to see what the enterprising Chris. had been up to. The metamorphosis was wonderful. The visitor enters a long airy room reaching back to the alley. The saloon has been painted and refitted throughout and some very artistic paper adorns the walls. Hitherto the billiard hall was divided from the saloon by a board partition but this has been torn away and an elegant arch built. Within are several billiard and pool tables of latest make. The entire length of the apartment, tables are placed at intervals where the tired wayfarer may sit down with a friend and enjoy a pleasant chat over a glass of beer. Plants, flowers and singing birds are profusely scattered about. Behind the bar is the presiding genius of this delightful establishment, Chris. Entemann himself, rotund and jolly, his face perpetually irradiated by the pleasantest of smiles. Polite bartenders are his assistants and the quality of beer, wines, liquors and cigars dispensed are of the first class. Mr. Entemann knows by experience that anything else dispensed to his customers would result in their speedy departure. In short, THE SENTINEL knows of no place in the city where the weary and athirst can more delightfully recruit than in Chris. Entemann's capacious and well arranged hall, at No. 18 East Main street.

No for the Country.

At this season of the year when people are beginning to think of relaxation from the trying labors of the past year, and "take themselves" to the country, mountain or seaside. There is one thing they should not forget and that is to provide themselves with a supply of Fonda Extract. In very many cases accidents will happen, sudden attacks of sickness will occur, wounds, bruises, sprains &c., will be received, and for such Fonda's Extract is the one great recognized specific. In cases of diarrhoea and colic it is also of great service.

A Word in Regard to Self-styled Manufacturers.

It is common to read in almost any clothing advertisement, no matter how diminutive the dealer, the statement that he is a manufacturer, or his stock is made to his order, and therefore he is able to retail at wholesale prices. Small manufacturers, except in specialties, have long since been crowded from the field. There is but one class of wholesale manufacturers in this country to-day, and they are the closest of this age. Their establishments represent fortunes in their equipments. Wholesale manufacturers, in this age of progress, to compete with each other, must be supplied with all the machinery of the present time—steam cutters, steam spongers, steam pressing machines, steam sewing and steam button-hole machines. This represents a fortune in itself. It then requires a small army to feed this vast mechanism, furnishing annual employment to thousands of operatives, to which annex the capital necessary to completely stock with material and fabric, oftentimes consuming the entire product of extensive woolen mills, and you have the reason why a small manufacturer cannot compete, except on paper, with those mammoth firms that have raised the standard of ready made clothing from its crude and imperfect make up of a dozen years ago. Our factory at Utica contains every economy and labor-saving invention of the age, which could not be maintained except by vast outlet throughout almost every Northern State, facilities which small dealers do not possess, and without which they cannot compete. We boldly make the assertion that there is no clothing manufacturer in this city except that of OWEN, PIXLEY & CO.

It is very difficult, in fact impossible, to give accurate descriptions of clothing except in a general way, which is much like describing how a certain article of food tastes. It cannot be done satisfactorily. The food must be tasted, and the garment must be seen, to be fully appreciated. In this column we give in round numbers, the number of suits upon our counters in the various departments, a greater number, probably, than can be found in any half dozen competitive stores in the city. The question of variety from which to make a selection is so important that no argument is needed to convince anyone that those large stores where the greatest varieties are exhibited are the best places to make purchases. These great varieties mean vast combinations in colorings, designs and shapes. Add to this the fact that we manufacture all our clothing, and retail strictly at New York jobbing prices, and you have the argument why you should visit OWEN, PIXLEY & CO. for your clothing. Come in, and afterward form your own conclusion from personal inspection.

We have 2,500 Men's Suits, \$4.50 to \$25. 1,200 Men's Pants, 35 cents to \$8. 1,000 Youth's Suits, \$4.50 to \$22. 600 Youth's Pants, 35 cents to \$6.50. 200 Youth's Vests, 75 cents to \$2. 1,800 Boy's Suits, \$3.50 to \$18. 300 Boy's Pants, 25 cents to \$4.25. 150 Boy's Vests, 25 cents to \$1.50. 1,400 Children's Suits, \$1.50 to \$11.50. 150 Children's Pants, 75 cents to \$3.

J. L. Worden, of this city, was the choice of the convention. It is not only known in our own county, but in every school district in Indiana, that Judge Worden is the ablest jurist in the state to-day. Allen county can well be proud of such a man.

For Judge of the Criminal Court, S. M. Hench, of this city, received the nomination on the first ballot. Mr. Hench has resided in this county for nineteen years, and was prosecuting attorney for almost seven years. His strong record as an officer is what gave him the nomination. He will make a judge that the people will be proud of.

For Circuit Prosecutor, O. M. Dawson, of this city, received the nomination by a large majority on the first ballot. Mr. Dawson was born and raised in this congressional district. He is a graduate of the Albany, New York, law school, and was admitted to the supreme court of New York by examination. He is a lawyer of decided ability, of good habits, prompt and efficient in the discharge of business entrusted to him, and certainly a rising man in his profession.

For County Clerk, Willis D. Maier, of this city, received the nomination by acclamation. Mr. Maier has resided in Fort Wayne for the past thirty-seven years. Went to the army as drummer boy when only seventeen years of age, and remained a soldier until almost the close of the war. He has been deputy clerk for the past twelve years, and the people of the county know his worth in the clerk's office. No opposition to this important office speaks volumes for Mr. Maier.

For County Auditor, A. L. Griebel, one of the editors and proprietors of the *Staats Zeitung*, received the nomination on the second ballot. Mr. Griebel was born and raised in Fort Wayne, and is known by almost every voter in the county. Though comparatively a young man, he has done veteran duty in the cause, and was never known to scratch a democratic ticket. We know that his election to the office for which he has been nominated will never be regretted by those who will give him their earnest support.

For Recorder, T. S. Heller, of Monroeville, received the nomination. Mr. Heller has resided in Allen county for the past twenty-four years and has held important offices in Ellettsville and Monroe townships. He is a big-hearted, whole-souled fellow, one whom everybody loves, and bears the reputation of being the most popular man in the county to-day. Where he is best known republicans, as well as democrats, will vote solid for him.

For Treasurer, John Dolman, of Pleasant township, received the nomination on the second ballot. Mr. Dolman has resided in Allen county for many years and has held the office of trustee in Pleasant township for several terms. He is very popular where he is best known and enjoys the respect and confidence of the people all over the county. He will make an efficient, careful and attentive Treasurer.

For Sheriff, Peter Certia, of this city, received the nomination on the fourth ballot. He has never held a county or township office, but is a man of good business qualities. He is a kind and courteous gentleman, and will make an urbane, accommodating and efficient sheriff.

For Coroner, Dr. Kent K. Wheelock, of this city, received the nomination by acclamation. He is a young physician of much promise in his profession, and comes of thoroughly democratic parentage. He was born and raised in Allen county.

For Surveyor, D. M. Allen, principal of the High school at Maysville, received the nomination on the second ballot. He is a thoroughly educated gentleman, popular where he is known, and will make a competent, prompt and accommodating county surveyor.

For County Commissioners, Henry Hartman, of New Haven, Jerome Gloyd, of Perry township, and Timothy Hogan, of Fort Wayne, received the nomination. They are men well known over the county, having resided within its borders for many years. They are honest, reliable and trustworthy, and as commissioners they will watch well the interests of the people.

Such, democrats, is a brief review of the candidates nominated for your support. It is considered the strongest ticket ever nominated in the county. That you will do your whole duty towards them we have no doubt. They deserve your honest approval. A democrat who will turn aside from the ticket nominated Saturday, is not a democrat at heart, but merely a stranger to the cause, bearing a flag in which he has no faith or hope.

Section 1. There shall be provided a public pound in the City of Fort Wayne, which shall be of sufficient size and suitable location, and shall be surrounded by a fence to be constructed of brick or other suitable material. Said wall or fence shall be not less than six feet high, and with only one opening of entrance, to be secured by a substantial door that cannot be opened excepting by the person authorized for that purpose. There shall be affixed to some conspicuous part of said door a sign with the words, "Public Pound of the City of Fort Wayne." They shall not be released therefrom until the owner or the person entitled to the possession thereof shall pay to the Pound Master the sum of one dollar, together with fifty cents per day for every day such animal shall be kept by the Pound Master. And in case the person entitled to the possession of such animal shall not pay the sum of one dollar, and the fifty cents per day, within five days from the time of so taking into custody, pay the above said charges and take it away, it shall be the duty of the Pound Master to sell the same at public auction by giving ten days public notice of such sale by posting the same in at least three of the most public places in the City of Fort Wayne. The Daily Sentinel

MONDAY, JUNE 19.

THE CITY.

Judge Worden left for Indianapolis last night.

The Pavilion roller skating rink opens to night.

The Conservatory commencement will take place Friday, June 22.

Saturday S. M. Hench telegraphed his aged father in Pennsylvania regarding the nomination.

Yesterday straw hats and palm leaf fans were affected. To-day people are getting out their winter clothing.

A number of people were out riding Sunday evening and drove in damp and profane after the shower struck them.

Let all democrats work for the glorious success of the entire ticket put in nomination Saturday. In harmony there is strength.

In the superior court, the Hamilton bank has brought suit against H. S. Mench, H. J. Trentman et al, demanding \$50 on note.

A pane of glass was cracked in Charles B. Woodworth's drug store front Saturday evening. Some lousy individual fell through it.

A fist fight occurred on Broadway last evening. The unpleasantness grew out of a difference of opinion as to the result of the convention.

Dr. J. M. Dinnen will again occupy his residence, No. 69 West Wayne street, next Wednesday, his little son, Willie, having regained his health.

Judgment has been entered in the superior court against A. D. Brandriff in favor of the Cleveland Rolling Mill Co. for \$50, and the Northampton Cutlery Co. for \$150.

A number of the successful candidates took in the fair Saturday night, and were wheeled out of their small change by the fascinating damsels who lie in wait for such purpose.

Efforts will be made to raise \$350, the amount allotted to Allen county to raise as its share toward the Morton monument fund. Mr. J. B. Harper, the attorney, has consented to raise the sum needed.

With very few exceptions and those disappointed candidates, the democracy of county and city are satisfied with the ticket put in nomination Saturday. Even the defeated ones pledge themselves to work energetically for the common cause. A handsome majority will be piled up.

The jury in the case of the Wheelock Bridge Company vs. the Board of Commissioners of Carroll county, tried at Logansport a few days ago, and in which Hon. Wm. Fleming of this city was interested, reported Saturday that they were unable to agree and were discharged. The jury stood seven for the Wheelock Company and five for Carroll county.

Henry Whitbrook and William Clark, old smokers, were sent over twelve days each this morning by the mayor. William Holverstott paid \$11.75. George Smith, the legless tramp, got out of jail yesterday and as usual flung himself to the neck with booze and made a great deal of a row for a cripple. Officer Doyle ran him in and Justice Ryan this morning committed him for thirty days.

F. Grime, of No. 229 Madison street, a carpenter in the Pittsburg shops, has invented a car coupler, which is operated from either side of the car by means of a lever. If the invention is practicable, it must result in averting many lamentable accidents. Master of Motive Power Wood examined the model and fears it is not practicable, but the inventor and other mechanists think otherwise and will have a test shortly.

Frank Bando was once a highwayman and robber as noted as Jesse James, and figured in a criminal character in this county, but, after committing a number of daring crimes and murders, he was captured and sentenced to the Illinois penitentiary, at Joliet, where he is now serving out a life sentence. The prison officials say that his right name is Scott and that he is of a respectable Iowa family. The belief that he is insane is also current.

Last night the Sabbath quiet was disturbed by a row at Orleib's saloon. Ed Downey was quietly drinking a glass of beer when two young ruffians, Wm. Logan and James Sullivan entered. Both were drunk and Sullivan pulled into Downey with a torrent of unprovoked abuse, finally striking him. Downey struck back and an end was put to the melee by the appearance of Officer Rohle, who placed Sullivan and Downey under arrest. Logan interfered with the officer and was added to the trio. Fred Eckart, who was in the saloon, went Downey's back and Logan, fortified by a fine whiskey, started a fight with Sullivan.

John I. White has returned from the east.

Mr. and Mrs. Allen Pierce, of New York, are again at the Avenue.

Rev. Thomas Burns, a Baptist clergyman of Penobscot, Me., is in the city.

THE SENTINEL's demand for the party to put in nomination only competent men was heeded.

Mr. Charles W. Cook, of the New York, Chicago and St. Louis road, returned last night from Chicago.

Peter Koehlinger will run for pound keeper next time and thinks he'll get there. Peter cannot be trussed.

Hon. William Fleming leaves to-night for Indianapolis to attend the trial of the suit of the Pennsylvania Company vs. Theresa Swiney.

We acknowledge the receipt of an invitation to the semi-annual meeting of the Democratic Editorial association of Indiana, which convenes at Indianapolis June 29.

The guests of the Robinson were a very lum-tum set yesterday. Will Reed provided button hole bouquets for each boarder, not forgetting to give 'em each a square meal.

The plans of the New York, Chicago and St. Louis roundhouse are completed and in the hands of the resident engineer, W. S. Jones. There will be twenty six stalls.

Hiram Whetstone, of Williamsport, says he will be an independent candidate for sheriff. Inasmuch as Mr. Whetstone is not the nominee of the party and scarcely could be, his candidacy will meet with no favor.

Charles Watts, formerly an operator in the Western Union Telegraph office here, now traveling for a Cincinnati dry goods house, was in the city over Sunday. Mr. Watts was in the recent Indianapolis wash-out and was carried full two squares by the flood, and strange to say, was quite uninjured. He lost two trunks filled with valuable samples.

Dr. Wood, of Chicago, a wealthy physician, came here prepared to pay the total amount of fine and costs which it was supposed would be assessed against his old friend, Dr. Stough. Instead, the doctor got a year in the Auburn jail, and it is expected that he will be a wreck when he issues forth from captivity. Dr. Stough has been a resident of DeKalb county forty years.

Ligonier Banner: "Hon. Allen Zollars, of Fort Wayne, is a candidate for the democratic nomination for judge of the supreme court in place of Judge Worden, who will not again be a candidate for that position. Our acquaintance with Judge Zollars is somewhat limited, but those who have known him for years say he is a very worthy gentleman and well qualified for the position."

The Catholic fair was thronged Saturday night, the largest crowd since the opening being present. To Mr. Barnard, agent of the "New Home" sewing machine, was voted the elegant easy chair donated by J. M. Miller. The fair realized over \$106 by the voting. To-night the contest for the grocer's delivery wagon closes, and the fight will be a sharp one. Messrs. Gumpfer and Mungovan have about an equal show at present.

Wabash Courier: "Last Wednesday evening a family consisting of a man, his wife and five small children, were put off the east bound passenger train at this point. The head of the household stated that some months ago he had moved to Iowa and having been taken sick he was brought to the verge of starvation. He resolved to move back to Fort Wayne where he has friends, and had gotten as far east as Wabash when their funds gave out and the conductor put them off. Trustee Wharton gave him enough money to pay his way to Fort Wayne, and yesterday morning the party continued on their way rejoicing."

At Wabash last Wednesday night, Annie King, a handsome young school mistress, and daughter of a prominent farmer living in Wabash county, eloped with a fellow named Daily, whose home is in Newcastle, and who has a wife and two children. Thursday morning Miss King informed her mother that Mr. Daily would call upon her in the evening. She represented him to be a school master. He went, and was in the parlor with Annie after her parents had retired. In the morning Mr. King went to his daughter's room to awaken her and found that the apartment had not been occupied during the night. A note was found on her table stating that she knew her parents would object to her marriage with Daily and that she was determined to wed him. King at once placed officers on the trail of the couple and they have been traced to Indianapolis. There is no doubt but that Daily is a rogue. While at Wabash he went under the name of Carlisle. The affair has created a big boom at Wabash in consequence of the excitement of Mrs. King.

J. E. Biss has returned from Chicago.

Rev. G. I. Keirn, of the Universalist church, left for Akron, Ohio, last night.

Miss Jessie Withers will sing at the Thalonian reunion Wednesday evening, June 21.

Pat McDonald, one of Antioch's dashing young men, attended the fair Saturday night.

The republicans will place no candidates in the field for judges of the superior and circuit courts.

A band of five musicians, one of whom is a woman with a tolerably good voice, are singing about the streets.

Edwin Rich, of Wayne township, was this morning paid \$26.25 by the trustee, the value of five sheep killed by dogs.

Gart Shober, we are pleased to know, is better. For three weeks at a stretch the young man has been most of the time delirious.

Since 1824 every democratic sheriff has had two terms except two. This does not include O. A. Zollinger, elected on an independent ticket.

Mrs. A. Levi, of No. 12 Cass street, celebrated her forty-seventh birthday yesterday. A number of friends were present and a pleasant season was enjoyed.

Fred Bulow was this morning fined \$1 and costs by Justice Ryan for assault and battery on Charles Stalk, who in turn paid \$1 and costs for provoking the assault.

A man named Steiner was knocked down by a passing vehicle on West Wayne street this morning and his back was badly cut. The driver was an intoxicated farmer.

J. B. Melin joked Peter Koehlinger too far yesterday and the irate and disappointed candidate for recorder had him arrested for provoke. Justice Ryan assessed a fine of \$1 and costs.

The superior court met this morning at 11 o'clock, when the ejectment suit of Edwards vs. Mannix was taken up. To-morrow the celebrated case of Studebaker et al vs. the U. S. Express company will be taken up.

The address at the annual reunion of the Thalonian society will be delivered by James B. Harper, esq. The reunion will be held in the College hall, a room sufficiently large to accommodate a very large audience. M. V. B. Spencer, Lem R. Hartman, H. C. Hartman, J. W. Hayden, Hon. E. L. Chittenden and others will deliver brief addresses.

This morning, the attorneys of Dr. H. C. McDowell, charged with abortion, made a motion for a change of venue, which was granted by Judge Withers, the venue being sent to Judge O'Rourke, who will call the case as soon as he can secure time. Then a motion will be made for a change of venue from the county, on account of undue prejudice existing against the defendant. The articles from the various newspapers denunciatory of the doctor will be embodied in the motion.

The Wind Up.

After THE SENTINEL went to press Saturday evening, Dr. Kent K. Wheelock was announced as a candidate for coroner, and having no opposition, he was on motion, nominated by acclamation.

For surveyor, the names of J. S. Goshorn, of Fort Wayne, and D. M. Allen, of Maysville, editor of the Harland Independent, were announced. The first ballot stood: Goshorn, 76; Allen, 70. The second ballot was: Allen, 79; Goshorn, 73. Mr. Allen was declared the nominee.

For commissioner of the first district, the names of Wm. Fitzgerald, Milan; Henry Hartman, Adams; James Fry, Madison; Carl Brudi, Jefferson; A. J. Clem, Monroe, were announced.

First ballot—Hartman, 56; Fitzgerald, 30; Fry, 33; Clem, 20; Brudi, 14.

Second ballot—Hartman, 79; Clem, 22; Fitzgerald, 16; Brudi, 6. Mr. Henry Hartman was declared the nominee.

For commissioner of the second district the following names were announced: John Stophor, Springfield; Daniel Notestine, Cedar Creek; Michael Linderuth, Scipio; Jacob Goeplein, St. Joe; Jerome Gloyd, Perry.

THE PEOPLE ADVANCING

ALL ALONG THE LINE.

Dr. Frothingham and Kingsley of the Grand Rapids English Medical and Surgical Institute, 61 Monroe street have arrived in our city and have established a branch at 34 West Main street, Aufrecht's block, Fort Wayne, where many citizens now under their treatment can consult with them; also any who may wish to obtain the benefit of their accurate diagnosis of their diseases without questions and free of charge, thus giving every one the privilege of their unprecedented experience in their specialty, without the heretofore long journey to their institute in Grand Rapids. For the past three years treatment and imperative have the demands that they should personally visit their many patients in our city, and Northern Indiana, that they have at last consented, and will charge nothing for all those coming under their treatment the first 20 days. Drs. F. & K. ask nothing but the accuracy of their diagnosis, which amount almost to intuition; they locate every ache and pain, explain how and why the disease or ailment was contracted, and demonstrate how it can be eradicated in what length of time; these facts are said by their patients to be marvellous. The question is now, "can we be cured?" Drs. F. & K. take a case pronounced by them incurable, but so state the case to the patient. They have no time for experiments; their time is all occupied in treating those they can cure.

A thousand testimonials from Grand Rapids can be seen at their office, some of which we would print had we room. June 6 o'clock. FARMER NO. 31 WEST MAIN STREET.

PROBABLE FATALITY.

Fred Felger is Struck by a Pittsburg Freight Train Near Arcola and Will Probably Die.

Saturday, Fred Felger, a respected farmer of Lake township, residing half a mile north of Arcola, came to the city to attend the convention, though not as a delegate. Returning to his home at night-fall, he boarded Pittsburg freight train No. 75. There is a down grade near Arcola and the train goes at such a rate of speed that it is not advisable to jump off until a point about three miles west of Arcola is reached, where the speed is slackened. Felger jumped off here and landing on his pins all right, bade the train men a cheery good night and started towards Arcola. This was the last seen of him until 7 o'clock Sunday morning, when he was found insensible and bleeding by the side of the track, where he was struck by a passing freight. His spine is much injured, the collar-bone broken, and there are frightful bruises about the head and other portions of the body. His condition is very critical, and Dr. Rosenthal who attended him is doubtful whether his patient can survive.

Felger is a man of family, and owns a good farm. He is well known all over the county.

A Nuisance.

To the Editor of the Sentinel:

There are a lot of boys from twelve to eighteen years old who go in swimming every evening in the canal opposite Orr's mill. They use very vulgar language when ladies go by. It is at the aqueduct, where people have to pass. Please give the boys a raking and oblige.

A SUBSCRIBER.

The criminal court met this morning. Appeals in the cases of the State against Sophia J. Dalzell, malicious trespass, and Michael Steirheim, same charge, were dismissed. W. S. Oppenheim was appointed by the court to defend William Roberts, the negro now in jail for the larceny of a razor. His trial was taken up at 1:30 this afternoon.

THE NEW HOME AHEAD.

The Arm Chair at the Catholic Fair Voted to Wm. M. Barnard as the Agent for the Most Popular Sewing Machine--An Exciting Scene.

The chief feature of the fair at Library hall, Saturday evening, was the voting of a magnificent arm chair to the agent of the most popular sewing machine, and as a matter of course the contest was a spirited one. The admirers of the various sewing machines worked hard for their favorite, and for half an hour before the close of the vote every eye in the hall was riveted on the blackboard, eagerly watching the result. As the time drew near, the excitement increased. When the result was announced and the New Home carried off the laurels, its friends gave vent to their feelings in prolonged cheers. At this juncture, Mr. Barnard, the well known agent, was escorted to the stage and in a few well chosen words, thanked his friends and the public for their courteous acknowledgement of the excellence of the machine he represented, and assured them that no effort would be spared to make the New Home worthy their admiration. The arm chair is of very artistic make, and is most highly appreciated by Mr. Barnard. The result of the contest is certainly creditable, and must be a source of great satisfaction to the manufacturers of the New Home, and also to their agent in this city, where he has placed it among the first, and, in fact, in the lead of all other machines. The office of the New Home is in Foster's block, on Court street, where Mr. Barnard and his assistants can always be found ready and willing to show the merits of the excellent machine they represent.

Disease is an effect, not a cure. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure be effected. HENRY AND LIVER CURE, established on just this principle. It realizes that

The Bad and Worthless

are never imitated or counterfeited. This is especially true of a family medicine, and it is positive proof that the remedy imitated is of the highest value. As soon as it had been tested and proved by the whole world that Hop Bitters was the purest, best and most valuable family medicine on earth, many imitations sprung up and began to steal the notices in which the press and people of the country had expressed the merits of H. B. and in every way trying to induce suffering invalids to use their stuff instead of Hop Bitters. Beware of the cheap and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously devised names in which the word "Hop" or "Bitters" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name, are imitations or counterfeits. Beware of them. To be sure of them, use nothing but genuine Hop Bitters, with a bunch of cluster of green Hops on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.
